

## PRESCHOOL BACKPACK AND LUNCH BOX & SNACK BAG SUGGESTIONS

This year a backpack will be helpful for your child to keep his/her items together and help with safe storage. With that in mind, the backpack should be easy for your child to use and carry, but big enough to fit a lunch box, snack bag, 2 drinks (like thermos or water bottles), a snack for PM CAMP if you choose to send your child, and a jacket when needed. It will also be a convenient way for your child to bring the small rest time towel or blanket home each week to be washed.

The lunch box should be easy for your child to use without help and be easy to clean. We will often eat outside, so it would be helpful if it has a handle to carry it and if it can work as a tray.

Paper bags are great for snack or it can be stored in the front pocket of your child's backpack.

SAMPLES:

Suggested Size: 14-19"H x 11-12"W x 6-8"D.

Skip Hop Lunch Box

Bento Box
